

## BITS GOA iGEM TEAM

### THE PROBLEM

Long transport times and a delay in harvesting causes 60% loss in sucrose content

### OUR SOLUTION

Genetically engineered bacteria that secrete the inhibitor — in the form of a concise kit for farmers and mill workers that will increase the sugar recovery rate

### WE NEED YOUR SUPPORT

Team registration.....	\$5000
Individual Delegation Passes (5x\$850).....	\$4250
Travel (for a delegation of five).....	\$7000

**FIRST-EVER BITSIAN TEAM!**

**TOTAL.....\$16250**
